

LCDA invites you to register for the LCA Pre-Conference Learning Institute:

**THE FUTURE OF WORK:
CREATING K-12 CAREER DEVELOPMENT PROGRAMS WITH A
FOCUS ON ADAPTABLE CAREER DECISION-MAKING**

SATURDAY, OCTOBER 6, 2018 – BATON ROUGE CROWN PLAZA HOTEL

2:00 PM–5:15 PM (3.0 CE CLOCK HOURS)

Celeste Hall is a Career Coach Specialist with the Virginia Community College System. She supports high school and adult coaching programs with main responsibilities focused on training based on the **National Career Development Association Facilitating Career Development** curriculum. She currently serves as Trustee for School Counselors and Career Specialists for NCDCA, having served for four years on the career Services Provider Advisory Council.

During this workshop, participants will review **NCDCA and ASCA standards**, describe their position in relation to career development, audit resources, and explore ways to collaborate. The facilitator will then lead the group through a process of thinking about and planning for career interventions in small groups. The groups will be guided by mini lectures. They will then work in small groups and discuss with the large group. Participants will leave with a draft plan that they will customize for their work setting. This workshop is specifically for career counselors, college counselors, and school counselors or those teaching high school career classes.
